Web Technologies	HTML, CSS, JavaScript, XML, Ajax, Bootstrap and jQuery
IDEs	Eclipse, My eclipse 8.6, Android Studio and NetBeans 8.2
Tools	SVN, Log4j, Maven and Git

Work Experience

- Currently Working as **Software Engineer** in **4G Identity Solutions Pvt. Ltd.**

Workshops/ Training Programs Attended

- Attended **CMMI Level 3** training in 4G Identity Solutions in March 2017.
- Attended **Project Tools** workshop in 4G Identity Solutions in September 2016.
- Attended **Java Coding Standards** training in 4G Identity Solutions in August 2016.
- Attended **Pro Java** training in Talentsprint in January 2016.

Project: 1 **Electronic Public Distribution System**

Client	BSFC
Environment	JDK 1.7, Servlets 3.0, JSP 2.0, Spring 4.2.3, Apache Tiles 3.0.2, Oracle10g
Tools	My Eclipse 8.6 , Aqua Data Studio 6.5 and SVN
Team Size	6
Role	Developer
Responsibilities: <ul style="list-style-type: none">Analyzing the design document, Interaction with Team LeadInvolved in the development phase to develop business logics and Dao logics.Working with Spring Framework based on MVC architecture.Involved in the database design phase.Customizing the CSS for design the Web Pages to maintain the Uniformity.Involved in the code enhancement and Unit Testing.Involved in the testing phases to fix defects.Interaction with clients for the requirements and to provide better level of Support.	
Description: <p>The project objective was to build a Loan Management system that caters to student lending. The student's financial information related to the course will be mastered in the application.</p> <p>EPDS is implementation of automation & monitoring of Public Distribution System (PDS). PDS is responsible for allotment of food grains like rice, wheat in the state of Bihar. BSFC is responsible for logistics, storage, inventory management and supply of food grains right from FCI to SFC PDS Godowns to FPS. The system operates at four levels State, District, Block and FPS levels. At each of the levels there allotments is decided by the FCPD representative and the allotment decision is passed on the SFC for supply and logistics of grains.</p>	

Project: 2 Bihar Employee Management Portal

Client	4G Identity Solutions Pvt Ltd.
Environment	JDK 1.7, Servlets 3.0, JSP 2.0, Spring 4.2.3, Apache Tiles 3.0.2, Oracle10g
Tools	My Eclipse 8.6 and Aqua Data Studio 6.5
Team Size	3
Role	Full Stack Developer
Responsibilities: <ul style="list-style-type: none">• Analyzing the design document, Interaction with Team Lead• Involved in the front end design and back end design to develop complete structure of the web pages.• Working with Spring Framework based on MVC architecture.• Working with Oracle database to fetching and inserting data by using SQL.• Involved in the Unit Testing.	
Description: <p>Our organization has different employee management needs, therefore we design exclusive employee management systems that are adapted to managerial requirements. This is designed to assist in strategic planning, and will help ensure the organization is equipped with the right level of human resources for future goals. Also, for those busy executive who are always on the go, our systems come with remote access features, which will allow managing workforce anytime, at all times. These systems will ultimately allow to better manage resources.</p> <p>One of the main features in employee management system is time tracking for employees. Effective time tracking mechanism saves both time and money for the organization.</p>	

Academic Information

- B.Tech from D.V.R.C.E.T (JNTUH) with 77% in 2015.
- Diploma from S.V.L.Polytechnic (SBTET) with 78% in 2011.

Personal Information

Date Of Birth	02-April-1993
Languages Known	English and Telugu
Marital Status	Single
Hobbies	Coins Collection
Address	D.No: 3-7, Kuchipudi, Krishna District, Andhra Pradesh 521136.

Place: Hyderabad

Date:

(Venkateswara Rao)
